

Campus Ministry in Kansas

Do you know there are more than 16 million college students going to 3,700 campuses across the U.S.? Of that number, about 9 million are ages 19-25, and many have no personal relationship with the Lord or with His church. Even students who have grown up in Christian families often are disconnected from the church by the time they reach college and university campuses. This reality highlights the vital importance of campus mission. Connecting students, both Christians and those who do not yet know Christ's love, to ministries where they can receive acceptance, spiritual care, Christian fellowship and opportunities for exploring the Christian faith is a life-saving mission!

If you are attending a college or university in Kansas, please take time to connect with a campus ministry. Here is contact information for the major colleges, but a complete list is available on our District website: www.kslcms.org/ks_departments/mission_stewardship/campus_ministry.htm.
