

## **Africa Projects – 2006-07**

The projects listed below by category are those which need funds in order for the mission work of the LCMS and its partner churches to be most effective in 06-07. Often, people ask how they can support the work of the overseas missionary. The list below helps answer that question for Africa. It is very focused and strategic, for these projects are the result of conversations between the National Churches and LCMS World Mission. It is a collaborative list. In addition, each LCMS missionary on the field needs your support. If you wish to support a specific project/missionary, simply send your support as noted below. We pray God will provide.
