

## Guinea Prayers, May 2008

### Prayer requests from the Norton family:

- For village "B.D." and the evangelism there, that as God prepares hearts to hear his Word they would receive it with joy.
- For "B.N." the new believer who went to camp in Mali, that his wife would also see and believe the truth of Christ, and that he would keep growing in faith.
- For the radio ministry, that God would provide a speaker.
- For continued peace and stability in Guinea especially during this time of global food price increases - the "normal" food prices in Guinea were already a hardship to many.
- For our family as we have spent the last few weeks dealing with illness, and as it is the worst time of year, weather wise - very hot and humid. It can be very difficult to find energy to work and be patient with one another.

### Prayer requests from Andrea Herman:

- God's blessings on language learning
- language retention while she is stateside speaking in Kansas and home on vacation in April and May
- continued peace in Guinea
- open hearts among Maninka women to hear and embrace the Truth
- strength and encouragement for Maninka believers who are being tested and tempted
- that God would raise up many more people to pray for the Maninka, and for those serving them in Guinea
